Dear Bill,
I am writing to request permanent removal of a portion of sidewalk. We are currently removing slabs that we were ordered to replace. While we were removing them my thoughts were why should we replace them. The portion of the sidewalk we were ordered to replace is never used. We remove snow and ice in the winter even though that portion is never used. We are on a dead end street. The Mail Carriers drive on the street to deliver the mail.
I have enclosed pictures of the section we wish to remove. We are keeping the sidewalk up to the step to our house. It is 10 slabs that would be removed. We will put in top soil and plant grass. We still intend on replacing the slabs south of our driveway.
I understand you need to present this proposal to the Board of Public Works. I also talked to the Owner of the Property south of us and he seems ok with it. I can get a signed letter if needed.
I thank you for your consideration of this matter and look forward to your response. If you have any questions or need more information, please feel free to contact me at any of the means below.

Sincerely Yours,
