INDEPENDENT AUDITORS' REPORT

To the City Council
City of Merrill, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Merrill, Wisconsin ("the City") as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of December 31, 2013, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the general fund and the community development block fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note D.6, the City recorded a prior period adjustment of \$300,217 in the business-type activities and sewer utility enterprise fund to capitalize assets expensed as maintenance in 2012. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The financial information listed in the table of contents as supplementary information and the schedule of expenditures of federal awards and schedule of state financial assistance, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information and schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information, the schedules of expenditures of federal awards and the schedule of state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Report on Summarized Financial Information

We have previously audited the City of Merrill, Wisconsin's 2012 financial statements, and our report dated April 18, 2013, expressed unmodified opinions on those respective financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2012, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 6, 2014, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF MERRILL, WISCONSIN
Statement of Revenues, Expenditures and Changes in Fund Balances (Continued)
Governmental Funds
For the Year Ended December 31, 2013
(With summarized comparative information for the year ended December 31, 2012)

<u>Reconciliation to the Statement of Activities</u>	2013	2012
Net Change in Fund Balances as shown on previous page	\$ 2,759,828	\$ (1,755,315)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital assets reported as capital expenditures in governmental fund statements	\$ 3,863,566	
Depreciation expense reported in the statement of activities	<u>(938,371)</u>	
Amount by which capital expenditures and donations are greater than depreciation in the current period	2,925,195	1,026,575
In governmental funds the entire proceeds, if any, from the disposal of capital assets is reported as an other financing source. In the statement of activities only the gain (or loss) on the disposal is reported.		
Net book value of assets disposed	(13,666)	(91,715)
Certain employee benefits are reported in the governmental funds when amounts are paid. The statement of activities reports the value of benefits earned during the year. This year the accrual of these benefits decreased (increased) by:		
	42,398	112,942
Governmental funds do not present revenues that are not available to pay current obligations. In contrast, such revenues are reported in the statement of activities when earned.		
	(2,930)	(4,984)
Loans issued by the City as part of its revolving loan fund are recorded as expenditures and revenue when repaid in the governmental funds. On the statement of net position, loans issued are recorded as a receivable and subsequent collections reduce this receivable. Loans repaid or written off were less than loans issued in the current year by:		
	3,514	(866,549)
Some capital assets acquired during the year were financed with debt. The amount of the debt is reported in the governmental funds as a source of financing. In the statement of net position, however, debt constitutes a long-term liability. The amount of debt reported in the governmental funds statement is:		
	(7,055,000)	-
Repayment of principal on long-term debt is reported in the governmental funds as an expenditure, but is reported as a reduction in long-term debt in the statement of net position and does not affect the statement of activities. The amount of long-term debt principal payments in the current year is:		
	2,235,757	659,359
Governmental funds report the effect of, premium, discounts, deferred charges on advance refundings, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		
	(106,500)	-
Insurance recoveries reported as revenue in the fund financial statements.	(175,921)	175,921
Interest payments on outstanding debt are reported in the governmental funds as expenditure when paid, in the statement of activities interest is reported as it accrues.	<u>(49,291)</u>	<u>16,290</u>
Change in Net Position of Governmental Activities as Reported in the Statement of Activities (see pages 4-5)	<u>\$ 563,384</u>	<u>\$ (727,476)</u>

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the City of Merrill, Wisconsin ("the City"), have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the City are described below:

1. Reporting Entity

The City of Merrill, Wisconsin is a municipal corporation governed by an elected nine member council. In accordance with GAAP, the basic financial statements are required to include the City (the primary government) and any separate component units that have a significant operational or financial relationship with the City. The City has not identified any component units that are required to be included in the basic financial statements in accordance with standards established by GASB Statement No. 61.

2. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which are primarily supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for services.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Governmental funds include general, special revenue, debt service and capital projects funds. Proprietary funds include enterprise funds. The City has no internal service funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

GENERAL FUND

This is the City's main operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

COMMUNITY DEVELOPMENT BLOCK GRANT FUND

To account for all transactions relating to the operation of the City's revolving loan program. Significant revenues are loan repayments.

DEBT SERVICE FUND

To account for the accumulation of resources used for the payment of general obligation bonds and notes issued by the City. Financing for the debt service fund is generally provided from general property taxes and transfers from other funds.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The City reports the following major enterprise funds:

WATER UTILITY

To account for the provision of water service to City residents, public authorities and business entities.

SEWER UTILITY

To account for the provision of sewage treatment service to City residents, public authorities and business entities.

3. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Revenues susceptible to accrual include intergovernmental grants, intergovernmental charges for services, public charges for services and interest. Other revenues such as licenses and permits, other fines and forfeits and miscellaneous revenues are recognized when received in cash or when measurable and available.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the City's water and sewer functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, and fees and fines, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for services. Operating expenses for enterprise funds include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources, as they are needed.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance

a. Cash and Investments

Cash and investments are combined in the financial statements. Cash deposits consist of demand and time deposits with financial institutions and are carried at cost. Investments are stated at fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. For purposes of the statement of cash flows, all cash deposits and highly liquid investments (including restricted assets) with a maturity of three months or less are considered to be cash equivalents.

b. Accounts Receivable

Accounts receivable are recorded at gross amount with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that the amount of such allowance would not be material to the basic financial statements.

c. Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" and "due to other funds" in the fund financial statements. Noncurrent portions of the interfund receivables for the governmental funds are reported as "advances to other funds" and are offset by nonspendable fund balance since they do not constitute expendable available financial resources and therefore are not available for appropriation.

The amount reported on the statement of net position for internal balances represents the residual balance outstanding between the governmental activities and business-type activities.

d. Inventories

Inventories are recorded at cost, which approximates market, using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are consumed rather than when purchased.

Inventories of governmental funds in the fund financial statements are offset by nonspendable fund balance to indicate that they do not represent spendable available financial resources.

e. Prepaid Items

Payments made to vendors that will benefit periods beyond the end of the current fiscal year are recorded as prepaid items.

Prepaid items of governmental funds in the fund financial statements are offset by nonspendable fund balance to indicate that they do not represent spendable available financial resources.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 or higher and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets of the City are depreciated using the straight-line method over the following estimated useful lives:

	Governmental Activities	Business-type Activities
	Years	
<u>Assets</u>		
Land improvements	20 - 40	-
Buildings and improvements	25 - 50	25 - 50
Machinery and equipment	3 - 20	3 - 20
Infrastructure	30 - 50	25 - 100

g. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick leave benefits in accordance with bargaining unit agreements and City administrative policies. All vacation and sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds in the fund financial statements only if they have matured, for example, as a result of employee resignations and retirements.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

h. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City currently reports the loss from advance refunding in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represent an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types of items that qualify for reporting in this category, property taxes and payment in lieu of taxes. The amounts will be recognized as an inflow of resources in the subsequent year for which they were levied. The City also has an additional type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from three sources, special assessments, loan receivables, and insurance recovery. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

i. Long-term Obligations

In the government-wide financial statements, and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenses.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j. Fund Equity

GOVERNMENTAL FUND FINANCIAL STATEMENTS

Fund balance of governmental funds are reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance - Amounts that are not in spendable form (such as inventory, prepaid items, or long-term receivables) or are legally or contractually required to remain intact.
- Restricted fund balance - Amounts that are constrained for specific purposes by external parties (such as grantor or bondholders), through constitutional provisions, or by enabling legislation.
- Committed fund balance - Amounts that are constrained for specific purposes by action of the City Council. These constraints can only be removed or changed by the City Council using the same action that was used to create them.
- Assigned fund balance - Amounts that are constrained for specific purposes by action of City management. Residual amounts in any governmental fund, other than the General Fund, are also reported as assigned.
- Unassigned fund balance - Amounts that are available for any purpose. Unassigned amounts are only reported in the General Fund.

The City has not adopted a fund balance spend-down policy regarding the order in which fund balance will be utilized. When a policy does not specify the spend-down policy GASB Statement No. 54 indicates that restricted funds would be spent first, followed by committed funds, and then assigned funds. Unassigned funds would be spent last.

GOVERNMENT-WIDE AND PROPRIETARY FUND STATEMENTS

Equity is classified as net position and displayed in three components:

- Net investment in capital assets - Amount of capital assets, net of accumulated depreciation, less outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position - Amount of net position that is subject to restrictions that are imposed by 1) external groups, such as creditors, grantors, contributors or laws or regulations of other governments or 2) law through constitutional provisions or enabling legislation.
- Unrestricted net position - Net position that is neither classified as restricted nor as net investment in capital assets.

5. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Summarized Comparative Information

The basic financial statements include certain prior-year summarized comparative information in total, but not at the level of detail for a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the City's financial statements for the year ended December 31, 2012, from which the summarized information was derived, and note D.6 which describes a prior period adjustment.

NOTE B - STEWARDSHIP AND COMPLIANCE

1. Budgets and Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the basic financial statements:

- a. During October, City management submits to the City Council a proposed operating budget for the calendar year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them. After submission to the governing body, public hearings are held to obtain taxpayer comments. Following the public hearings, the proposed budget, including authorized additions and deletions, is legally enacted by City Council action.
- b. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the governmental funds. Budget is defined as the originally approved budget plus or minus approved amendments. Individual amendments throughout the year were not material in relation to the original budget. Budget appropriations not expended during the year are closed to fund balance unless authorized by the governing body to be forwarded into the succeeding year's budget.
- c. During the year, formal budgetary integration is employed as a management control device for the general, special revenue and debt service funds. Management control for the capital projects funds is achieved through project authorizations included in debt issue resolutions.
- d. Expenditures may not exceed appropriations at the function level for the City. Amendments to the budget during the year require initial approval by management and are subsequently authorized by the City Council.
- e. Encumbrance accounting is used by the City to record commitments related to unperformed contracts for goods or services. All outstanding encumbrances lapse at year end.

The City did not have any material violation of legal or contractual provisions for the fiscal year ended December 31, 2013.

2. Deficit Fund Equity

The following funds had deficit fund balances as of December 31, 2013:

Funds	Deficit Fund Balance
TIF No. 5	\$ 2,176
TIF No. 6	439,488
TIF No. 7	33,775
TIF No. 8	597,473
TIF No. 9	15,817

The City anticipates funding the above deficits from future revenues and tax levies of the funds.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE C - DETAILED NOTES ON ALL FUNDS

1. Cash and Investments

The City maintains various cash and investment accounts, including pooled funds that are available for use by all funds. Each fund's portion of these accounts is displayed in the financial statements as "Cash and investments."

Invested cash consists of deposits and investments that are restricted by Wisconsin Statutes to the following:

Time deposits; repurchase agreements; securities issued by federal, state and local governmental entities; statutorily authorized commercial paper and corporate securities; and the Wisconsin local government investment pool. Investments in the library foundation special revenue fund may be invested in other types of investments as authorized under Wisconsin Statute 881.01, "Uniform Prudent Investor Act".

The carrying amount of the City's cash and investments totaled \$11,895,322 December 31, 2013 as summarized below:

Petty cash and cash on hand	\$ 7,880
Deposits with financial institutions	11,680,124
Investments	207,318
	\$ 11,895,322

Reconciliation to the basic financial statements:

Government-wide Statement of Net Position	
Cash and investments	\$ 10,245,160
Restricted cash and investments	1,650,162
	\$ 11,895,322

Deposits and investments of the City are subject to various risks. Presented below is a discussion of the City's deposits and investments and the related risks.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The City does not have an additional custodial credit risk policy.

Deposits with financial institutions within the State of Wisconsin are insured by the Federal Deposit Insurance Corporation (FDIC) in the amount of \$250,000 for combined amount of all time and savings deposits and \$250,000 for interest-bearing and noninterest-bearing demand deposits per official custodian per insured depository institution. Deposits with financial institutions located outside the State of Wisconsin are insured by the FDIC in the amount of \$250,000 for the combined amount of all deposit accounts per official custodian per depository institution. Deposits with credit unions are insured by the National Credit Union Insurance Fund (NCUSIF) in the amount of \$250,000 per credit union member. Also, the State of Wisconsin has a State Guarantee Fund which provides a maximum of \$400,000 per public depository above the amount provided by an agency of the U.S. Government. However, due to the relatively small size of the State Guarantee Fund in relation to the Fund's total coverage, total recovery of insured losses may not be available.

As of December 31, 2013, \$9,672,328 of the City's deposits with financial institutions were in excess of federal and state depository insurance. The City has collateralized \$7,565,153 of these deposits with collateral held by a financial institution.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Wisconsin statutes limit investments in securities to the top two ratings assigned by nationally recognized statistical rating organizations. The City does not have an additional credit risk policy.

Investment Type	Amount	Exempt From Disclosure	AA	BBB	Not Rated
Corporate Bonds	\$ 20,570	\$ -		\$ 20,570	\$ -
Mutual Funds	79,373	-	-	-	79,373
Wisconsin Local Government Investment Pool	107,375	-	-	-	107,375
Totals	\$ 207,318	\$ -	\$ -	\$ 20,570	\$ 186,748

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in the market interest rates. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investment Type	Amount	Remaining Maturity (in Months)			
		12 Months or Less	13 to 24 Months	25 to 60 Months	More Than 60 Months
Corporate Bonds	\$ 20,570	\$ -	\$ -	\$ -	\$ 20,570
Mutual Funds	79,373	79,373	-	-	-
Wisconsin Local Government Investment Pool	107,375	107,375	-	-	-
Totals	\$ 207,318	\$ 186,748	\$ -	\$ -	\$ 20,570

Investments

The City has investments in the Wisconsin local government investment pool of \$107,375 at year-end. The Wisconsin local government investment pool (LGIP) is part of the State Investment Fund (SIF), and is managed by the State of Wisconsin Investment Board. The SIF is not registered with the Securities and Exchange Commission, but operates under the statutory authority of Wisconsin Chapter 25. The SIF reports the fair value of its underlying assets annually. Participants in the LGIP have the right to withdraw their funds in total on one day's notice. At December 31, 2013, the fair value of the City's share of the LGIP's assets was substantially equal to the carrying value.

2. Property Taxes

Property taxes consist of taxes on real estate and personal property. They are levied during December of the prior year and become an enforceable lien on property the following January 1. Property taxes are payable in various options depending on the type and amount. Personal property taxes are payable on or before January 31 in full. Real estate taxes are payable in full by January 31 or in six equal installments from January through June. Real estate taxes not paid by June 30 are purchased by the County as part of the August tax settlement. Delinquent personal property taxes remain the collection responsibility of the City.

The City bills and collects its own property taxes and also levies and collects taxes for the Merrill School District, Lincoln County, North Central Technical College and the State of Wisconsin. Collections and remittances of taxes for other entities are accounted for in the general fund.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

3. Restricted Assets

Restricted assets on December 31, 2013 totaled \$1,650,162 and consisted of cash and investments held for the following purposes:

Funds	Amount	Purpose
Enterprise Fund - sewer utility Plant replacement fund	\$ 903,668	To be used for sewer plant replacement.
Enterprise Fund - water utility Safe drinking water fund	96,621	To be used for safe drinking water fund principal and interest.
Governmental Fund General Fund Unspent bond proceeds	<u>649,873</u>	To be used for specific capital projects.
Total Restricted Assets	<u>\$ 1,650,162</u>	

4. Capital Assets

Total Outstanding General Obligation Debt	<u>\$ 12,036,907</u>
---	----------------------

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

Annual principal and interest maturities of the outstanding general obligation debt of \$12,036,907 as of December 31, 2013 are detailed below:

Year Ended December 31	Governmental Activities		Business-type Activities		Totals	
	Principal	Interest	Principal	Interest	Principal	Interest
2014	\$ 932,600	\$ 440,300	\$ 55,100	\$ 11,100	\$ 987,700	\$ 451,400
2015	947,400	373,000	56,100	9,800	1,003,500	382,800
2016	964,700	344,200	57,100	8,400	1,021,800	352,600
2017	977,300	314,500	58,100	7,000	1,035,400	321,500
2018	992,500	284,400	59,200	5,600	1,051,700	290,000
2019-2023	3,546,100	979,300	137,000	10,600	3,683,100	989,900
2024-2028	1,812,500	499,500	20,025	2,000	1,832,525	501,500
2029-2033	1,421,182	162,100	-	-	1,421,182	162,100
	<u>\$ 11,594,282</u>	<u>\$ 3,397,300</u>	<u>\$ 442,625</u>	<u>\$ 54,500</u>	<u>\$ 12,036,907</u>	<u>\$ 3,451,800</u>

For governmental activities, the other long-term liabilities are generally funded by the general fund. The City's debt issues for 2010 qualified for the Build America Bonds rebate. The total future rebate on these debt issues is \$131,800 at December 31, 2013.

Legal Margin for New Debt

The City's legal margin for creation of additional general obligation debt on December 31, 2013 was \$6,659,807 as follows:

Equalized valuation of the City	\$ 374,530,100
Statutory limitation percentage	<u>(x) 5%</u>
General obligation debt limitation, per Section 67.03 of the Wisconsin Statutes	18,726,505
Total outstanding general obligation debt applicable to debt limitation	\$ (12,036,907)
Less: Amounts available for financing general obligation debt	
Debt service fund	<u>29,791</u>
Net outstanding general obligation debt applicable to debt limitation	<u>(12,066,698)</u>
Legal Margin for New Debt	<u>\$ 6,659,807</u>

Advance Refunding

During 2013, the City advance refunded a general obligation bond issue from 2001. The City issued \$1,565,000 of general obligation refunding bonds to provide resources to purchase U.S. Government and Local Government Series securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of the refunded debt. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the financial statements. This advance refunding was undertaken to reduce total debt service payments over the next 7 years by \$186,980 and to obtain an economic gain (difference between the present value of the debt service payments of the refunded and refunding bonds) of \$174,982.

At December 31, 2013, \$1,570,000 of outstanding general obligation bonds and notes are considered defeased.

NOTE C - DETAILED NOTES ON ALL FUNDS (Continued)

Revenue Bonds

Revenue bond debt service requirements are financed from operations of the water utility enterprise fund. Revenue bonds outstanding on December 31, 2013 totaled \$1,678,469 and were comprised of the following issue:

Water Utility

\$1,613,829 issued 9/26/12; \$66,917 to \$96,133 due annually through 2032;
interest 1.93%

\$ 1,678,469

Annual principal and interest maturities of the above outstanding water utility enterprise fund revenue bonds of \$1,678,469 on December 31, 2013 are shown below:

Year Ended December 31	Business-type Activities		
	Principal	Interest	Total
2014	\$ 74,000	\$ 31,400	\$ 105,400
2015	75,400	30,200	105,600
2016	76,900	28,700	105,600
2017	78,400	27,200	105,600
2018	79,900	25,700	105,600
2019-2023	423,000	104,500	527,500
2024-2028	465,300	61,800	527,100
2029-2032	405,569	15,800	421,369
	<u>\$ 1,678,469</u>	<u>\$ 325,300</u>	<u>\$ 2,003,769</u>

Utility Revenues Pledged

The City has pledged future water customer revenues, net of specified operating expenses, to repay the water system revenue bonds. Proceeds from the bonds provided financing for the construction or acquisition of capital assets used with the system. The bonds are payable through 2032. The total principal and interest remaining to be paid on the bonds is \$1,678,469. Principal and interest paid for the current year and total customer net revenues were \$98,531 and \$693,686, respectively.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE D - OTHER INFORMATION

1. Retirement Commitments

All eligible City employees participate in the Wisconsin Retirement System (WRS), a cost-sharing, multiple-employer, defined benefit, public employee retirement system. All employees initially employed by a participating WRS employer prior to July 1, 2011, expected to work at least 600 hours a year and expected to be employed for at least one year from employee's date of hire, are eligible to participate in the WRS. All employees initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

Effective the first day of the first pay period on or after June 29, 2011, the employee required contribution was changed to one-half of the actuarially determined contribution rate for employees in the General category, including Executives and Elected Officials. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement. Contribution rates are as follows:

	2013	
	<u>Employee</u>	<u>Employer</u>
General	6.65%	6.65%
Executives & Elected Officials	7.0%	7.0%
Protective with Social Security	6.65%	9.75%
Protective without Social Security	6.65%	12.35%

The payroll for City employees covered by the WRS for the year ended December 31, 2013 was \$6,039,731; the employer's total payroll was \$6,160,034. The total required contribution for the year ended December 31, 2013 was \$1,031,794, which consisted of \$402,072 or 10.43% of covered payroll from the employer, and \$629,722 or 6.7 % of covered payroll from employees. Total contributions for the years ended December 31, 2012 and 2011 were \$907,205 and \$907,205, respectively, equal to the required contributions for each year.

Employees who retire at or after age 65 (62 for elected officials and 54 for protective occupation employees with less than 25 years of service, 53 for protective occupation employees with more than 25 years of service) are entitled to receive a retirement benefit. Employees may retire at age 55 (50 for protective occupation employees) and receive actuarially reduced benefits. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor. A final average earnings is the average of the employee's three highest year's earnings. Employees terminating covered employment and submitting application before becoming eligible for a retirement benefit may withdraw their contributions and, by doing so, forfeit all rights to any subsequent benefit. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998 and prior to July 1, 2011 are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011 must have five years of creditable service to be vested.

The WRS also provides death and disability benefits for employees. Eligibility and the amount of all benefits are determined under Chapter 40 of Wisconsin Statutes.

The WRS issues an annual financial report that may be obtained by writing to the Department of Employee Trust Funds, P.O. Box 7931, Madison, WI 53707-7931.

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements

NOTE D - OTHER INFORMATION (Continued)

2. Tax Incremental Financing Districts

The City has established separate capital projects funds for Tax Incremental Financing Districts (TID) created by the City in accordance with Section 66.1105 of the Wisconsin Statutes. At the time the TID was created, the property tax base within the TID was "frozen" and increment taxes resulting from increases to the property tax base are used to finance TID improvements, including principal and interest on long-term debt issued by the City to finance such improvements. The Statutes allow eligible project costs to be incurred up to five years prior to the maximum termination date. The City's Districts are still eligible to incur project costs.

The City established TID No. 3 on September 13, 2005 as a mixed-use district and amended the boundaries on July 11, 2006. The TID is 212 acres and will include industrial, commercial, and residential development.

The City established TID No. 4 on September 11, 2007 as a mixed-use district. The City intends that the District will be used to assure a combination of private industrial and commercial development.

The City established TID No. 5 on September 11, 2007 as a mixed-use district. The City intends that the District will be used to assure a combination of private industrial and residential development.

The City established TID No. 6 on May 12, 2009 as a blighted area district. The City intends that the District will be used to assure a combination of private industrial, commercial, and residential development.

The City established TID No. 7 on August 11, 2009 as a blighted area district. The City intends that the District will be used to assure a combination of private industrial, commercial, and residential development.

The City established TID No. 8 on September 27, 2011 as a blighted area district. The City intends that the District will be used to assure a combination of private industrial, commercial, and residential development.

The City established TID No. 9 on September 24, 2013 as a blighted area district. The City intends that the District will be used to assure a combination of private industrial, commercial, and residential development.

Since creation of the above Districts, the City has provided various financing sources to each TID and has also recorded eligible TID project costs in other funds of the City. The foregoing amounts are not recorded as liabilities in the TID capital project funds but can be recovered by the City from any future excess tax increment revenues.

	Total	TID No. 3	TID No. 4	TID No. 5	TID No. 6	TID No. 7	TID No. 8	TID No. 9
Net								
Unreimbursed								
Project Costs	\$ 1,419,091	\$ (150,549)	\$ 176,380	\$ 37,176	\$ 709,019	\$ 33,775	\$ 597,473	\$ 15,817

The intent of the City is to recover all unreimbursed costs from future TID surplus funds, if any, prior to termination of the respective Districts. Unless terminated by the City prior thereto, each TID has a statutory termination year as follows:

	Termination Year
TID No. 3	2025
TID No. 4 and 5	2027
TID No. 6 and 7	2036
TID No. 8	2038
TID No. 9	2040

CITY OF MERRILL, WISCONSIN
Notes to Basic Financial Statements
December 31, 2013

NOTE D - OTHER INFORMATION (Continued)

3. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. The City completes an annual review of its insurance coverage to ensure adequate coverage.

4. Property Tax Levy Limit

Wisconsin state statutes provide for a limit on the property tax levies for all Wisconsin cities, villages, towns and counties. For the 2013 and 2014 budget years, the increase in the maximum allowable tax levy is limited to the percentage change in the City's January 1 equalized value as a result of net new construction. The actual limit for the City for the 2013 budget was .02%. The actual limit for the City for the 2014 budget was .61%. Debt service for debt authorized after July 1, 2005 is exempt from the levy limit. In addition, Wisconsin statutes allow the limit to be adjusted for the increase in debt service authorized prior to July 1, 2005 and in certain other situations.

5. Contingencies

From time to time, the City is party to other various pending claims and legal proceedings. Although the outcome of such matters cannot be forecast with certainty, it is the opinion of management and legal counsel that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the City's financial position or results of operations.

6. Prior Period Adjustment

In 2012, a capital asset purchased was recorded as a maintenance expense and not capitalized. As a result, the 2012 financial statements were restated to capitalize this item, resulting in the following adjustments to the City's 2012 financial statements:

	Restated Amounts	Original Amounts	Adjustment
Statement of Net Position			
Capital assets, depreciable	\$ 25,874,662	\$ 25,574,445	\$ 300,217
Net investment in capital assets	13,971,465	13,671,248	300,217
Total net position	16,318,396	16,018,179	300,217
Statement of Activities			
Sewer utility			
Net (expense) revenue and changes in net position	\$ 226,456	\$ (73,761)	\$ 300,217
Change in net position	(6,786)	(307,003)	300,217
Statement of Revenues, Expenses and Changes in Fund Net Position			
Operation and maintenance	\$ 1,605,697	\$ 1,905,914	\$ (300,217)
Change in net position	720,690	420,473	300,217
Statement of Cash Flows			
Cash flows from operating activities			
Cash payments to suppliers and employees	\$ (1,536,845)	\$ (1,837,062)	\$ 300,217
Net cash provided by operating activities	1,472,774	1,172,557	300,217
Cash flows from capital and related financing activities			
Acquisition and construction of capital assets	(2,617,640)	(2,317,423)	(300,217)
Net cash used by capital and related financing activities	(828,617)	(528,400)	(300,217)

**ADDITIONAL INDEPENDENT AUDITORS' REPORT
FOR BASIC FINANCIAL STATEMENTS**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Mayor and City Council
City of Merrill, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Merrill, Wisconsin, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City of Merrill's basic financial statements, and have issued our report thereon which included an emphasis of matter paragraph as indicated on page 2 dated May 6, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Merrill, Wisconsin's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Merrill, Wisconsin's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Merrill, Wisconsin's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2013-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Merrill, Wisconsin's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Merrill, Wisconsin's Response to Findings

City of Merrill, Wisconsin's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. City of Merrill, Wisconsin's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of City of Merrill, Wisconsin's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Merrill, Wisconsin's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**FEDERAL AWARDS AND
STATE FINANCIAL ASSISTANCE**

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND THE STATE SINGLE AUDIT GUIDELINES

To the Mayor and City Council
City of Merrill, Wisconsin

Report on Compliance for Each Major Federal and State Program

We have audited City of Merrill, Wisconsin's compliance with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration that could have a direct and material effect on each of City of Merrill, Wisconsin's major federal and state programs for the year ended December 31, 2013. City of Merrill, Wisconsin's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of City of Merrill, Wisconsin's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *State Single Audit Guidelines* issued by the Wisconsin Department of Administration. Those standards, OMB Circular A-133 and the *State Single Audit Guidelines* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about City of Merrill, Wisconsin's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of City of Merrill, Wisconsin's compliance.

Opinion on Each Major Federal and State Program

In our opinion, City of Merrill, Wisconsin complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2013.

Report on Internal Control Over Compliance

Management of City of Merrill, Wisconsin is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered City of Merrill, Wisconsin's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the *State Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Merrill, Wisconsin's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2013-002 that we consider to be a significant deficiency.

City of Merrill, Wisconsin's response to the internal control over compliance findings identified in our audit are described in the accompanying schedule of prior year audit findings and corrective action plan. City of Merrill, Wisconsin's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *State Single Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.

CITY OF MERRILL, WISCONSIN
Notes to the Schedule of Expenditures of Federal Awards and State Financial Assistance
For the Year Ended December 31, 2013

NOTE A - BASIS OF PRESENTATION

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance for the City of Merrill, Wisconsin, is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations and the State Single Audit Guidelines* issued by the Wisconsin Department of Administration.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Revenues and expenditures in the schedule are presented in accordance with the accrual basis of accounting and are generally in agreement with revenues and expenses reported in the City's 2013 financial statements.

Major federal and state financial assistance programs are identified in the Schedule of Findings and Questioned Costs. Additional information on is presented below:

Federal Programs: City of Merrill, Wisconsin does not qualify as a low risk auditee in accordance with paragraph 530 of OMB Circular A-133. Therefore major programs represent those with combined expenditures exceeding 50% of total federal awards that also were deemed major programs based on the auditors' risk assessment.

State Programs: City of Merrill, Wisconsin, does not qualify as a low risk auditee in accordance with the *State Single Audit Guidelines*. Therefore major programs represent those with combined expenditures exceeding 50% of total state financial assistance that also were deemed major programs based on the auditor's risk assessment. In addition, certain state financial assistance programs were designated state major by the state granting agency and therefore considered state major. All other state financial assistance programs are considered non-major programs.

NOTE C - OVERSIGHT AGENCIES

The oversight agencies for the City are as follows:

Federal - Department of Homeland Security
State - Department of Transportation

CITY OF MERRILL, WISCONSIN
 Schedule of Findings and Questioned Costs
 For the Year Ended December 31, 2013

Section I - Summary of Auditors' Results

Financial Statements

Type of auditors' report issued:	Unmodified
Internal control over financial reporting:	
• Material weakness(es) identified?	No
• Significant deficiency(ies) identified?	Yes
Noncompliance material to financial statements noted?	No

Federal Awards and State Financial Assistance

Internal control over major programs:	
• Material weakness(es) identified	No
• Significant deficiency(ies) identified?	Yes
Type of auditors' report issued on compliance for major programs	Unmodified
Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of Circular A-133?	Yes
Any audit findings disclosed that are required to be reported in accordance with the State Single Audit Guidelines	Yes
Identification of major federal and state programs:

Auditee qualified as low-risk auditee	No

CITY OF MERRILL, WISCONSIN
 Schedule of Findings and Questioned Costs (Continued)
 For the Year Ended December 31, 2013

Section II - Financial Statement Findings

Finding No.	Control Deficiencies
-------------	----------------------

2013-001 Preparation of Annual Financial Report

Condition: Current City staff maintains accounting records which reflect the City's financial transactions; however, preparing the City's annual financial report, including note disclosures, involves the selection and application of specific accounting principles which would require additional experience and knowledge. The City contracts with us and our knowledge of applicable accounting principles, financial statement formats, and note disclosures to assist in the preparation of the annual financial report in an efficient manner.

Criteria: The preparation and review of the annual financial report by staff with expertise in financial reporting is an internal control intended to prevent, detect and correct a potential omission or misstatement in the financial statements or notes.

Cause: City management has determined that the additional costs associated with training staff to become experienced in applicable accounting principles and note disclosures outweigh the derived benefits.

Effect: Without our involvement, the City may not be able to completely prepare an annual financial report in accordance with accounting principles generally accepted in the United States of America.

Recommendation: We recommend the City continue reviewing the annual financial report. While it may not be cost beneficial to train additional staff to completely prepare the report, a thorough review of this information by appropriate staff of the City is necessary to obtain a complete and adequate understanding of the City's annual financial report.

CITY OF MERRILL, WISCONSIN
 Schedule of Findings and Questioned Costs (Continued)
 For the Year Ended December 31, 2013

Section III - Federal Award and State Financial Assistance Findings and Questioned Costs

Finding No.	Control Deficiencies
-------------	----------------------

2013-002 Financial Reporting for Federal and State Financial Assistance

Federal CFDA - All
 State IDs - All

Condition: OMB Circular A-133 requires the City to prepare appropriate financial statements, including the schedules of expenditures of federal awards. While the current staff of the City maintains financial records supporting amounts reported in the schedules of expenditures of federal awards, the City contracts with Schenck to compile the data from these records and prepare the single audit report for the City.

Criteria: Having staff with expertise in federal financial reporting prepare the City's single audit report is an internal control intended to prevent, detect and correct a potential misstatement in the schedules of expenditures of federal awards or accompanying notes to the schedule.

Cause: The additional costs associated with hiring staff sufficiently experienced to prepare the Village's single audit report, including the additional training time, outweigh the derived benefits.

Effect: The City could receive federal or state grant awards which are not included in the accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance.

Recommendation: We recommend City personnel continue reviewing the City's single audit report. While it may not be cost beneficial to hire additional staff to prepare these items a thorough review of this information by appropriate staff of the City is necessary to ensure all federal assistance programs are properly reported in the City's single audit report.
