**Site Plan Instructions:**

Use the line drawing below for the Site Plan Drawing. Treat the four outside lines of the drawing as the property lines of your lot. Draw an overhead view of each current structure on the property and of the new structure you want to build. Identify them on the drawing as (house, garage, shed, deck, **new garage, new shed** etc.) Show the dimensions (example 24' x 30') of each structure, enter its distance (example ← 21' 8" →) from property lines, and enter the distance (example ← 10' →) between structures. Be clear and precise in entering all distance measurements for the new structure.

**(You MUST stake the building site & call 536-4880 for approval prior to starting to build.)**

**(OWNER OF PROPERTY IS RESPONSIBLE TO KNOW WHERE THEIR PROPERTY LINES ARE)**
