PARKS AND RECREATION COMMISSION

December 7, 2016

The Merrill Parks and Recreation Commission met on Wednesday, December 7, 2016 at 4:15 p.m. at the Merrill City Hall.

Members Present: Mike Willman, Dave Sukow, Jean Ravn, Ben Debroux, Brian Artac, Melissa Schroeder and John Burgener

Members Excused Absent:

Department Staff Present: Dan Wendorf and Dawn Smith

Visitors: City Administrator Dave Johnson, Cade Heidemann MP3, Heather O'Neill, Mark Wisinski, Swiderski Equipment, Gene Bebel, Mayor Bill Bialecki, Kyle Gulke and Ryan Grieser

***Motion by Sukow, seconded by Artac to approve the minutes from the November meeting.

***Carried unanimously.

***Motion by Burgener, seconded by Schroeder, to approve the claims.

***Carried Unanimously.

Public Comment: Mayor Bill Bialecki stated that he wants to see Stange Park taken off the list for potential skate park location. Mayor Bialecki stated that he would like to see Stange Park utilized for reservations with new bathrooms and a facility similar to Kitchenette Park.

The next item on the agenda was to discuss and finalize locations for potential skate park.

***Motion by Burgener, seconded by Sukow to take Stange Park off the list for potential skate park location.

Burgener stated that he would like to see Stange Park turned into another Kitchenette Park utilizing it for park reservations.

***Carried 6 – 1 with opposing vote from Mike Willman.

***Motion by Schroeder, seconded by Burgener to take Streeter Square off the list for potential skate park locations.

Melissa stated that there is no parking there and also it is more of a residential area. Sukow stated that does not leave many places left for location because the County stated that they do not want the skate park built where the current ice rink is located at Memorial. Sukow stated that he received phone calls regarding concerns about having the skate park down by the River Bend Trail with it not being very visible in that area.

***Carried 5 – 2 with opposing vote from Mike Willman and Dave Sukow.

Wendorf stated that the only areas left were the Festival Grounds, the American Legion site and the parking lot down by the River Bend Trail. City Administrator Johnson stated the he did not

want the skate park at the Festival Grounds because there was no room for it down there. He also stated that it would be at least 2 years before you could do anything at the American Legion site. Mayor Bill Bialecki stated that he will fight tooth and nail to not have the skate park at the Festival Grounds.

***Motion by Burgener, seconded by Sukow to remove the Festival Grounds from the list of potential areas for the skate park.

***Carried 5 – 2 with opposing votes from Mike Willman and Ben Debroux.

***Motion by Sukow, seconded by Burgener to approve the site by River Street municipal parking area for the skate park and send to Public Works to approve and send to Common Council for approval.

***Carried unanimously.

The next item on the agenda was to review/approve public participation process for potential skate park. Willman stated that there is nothing to discuss since the commission decided on one location.

The next item on the agenda was to review/approve bids for the purchase of utility tractor for Parks Department. Wendorf stated that 3 bids came in for a tractor. Riesterer & Schnell Inc. from Antigo bid \$83,396.00 with options, Service Motor Company bid \$70,625.00 with options and Swiderski Equipment Inc bid \$66,605.00 with options. Wendorf stated that he would recommend Swiderski Equipment Inc. and would like approval to add a couple more safety options but would not exceed the \$70,000.00 that was granted to the Parks Department.

***Motion by Sukow, seconded by Artac to accept the bid from Swiderski Equipment Inc. and to add on a couple safety features but not to exceed \$70,000.00.

***Carried unanimously.

The next item on the agenda was to recommend eliminating River Bend Trail maintenance charges to River District Development Foundation from the Parks Department. (River Bend Trail is officially recognized as a Linear City Park) Wendorf stated that they currently do the maintenance on the trail now and won't impact the budget because city employees performing normal work in a Linear City Park already.

***Motion by Sukow, seconded by Schroeder to recommend eliminating River Bend Trail maintenance charges to River District Development Foundation from the Parks Department.

Sukow questioned who would receive the money from the cell tower. City Administrator Johnson stated the River District Development Foundation would.

***Carried unanimously. Mike Willman abstained from casting vote.

The next item on the agenda was to recommend the City of Merrill self-perform trail base work on new construction from Kyes St. to Cooper St. with the River District Development Foundation paying for the paving and finishing work on that section of trail. Wendorf stated that there are two sources of funding for this part of the trail, the Stewardship Grant and also help from the Street Department. Sukow questioned if the land was ready for work or if they will run

Shari: Please pass on to Darin also. Thanks.

I believe the area they are talking about was actually paid for by the Vandeheys, past owner of the current Johnson/bridal shop/empty space. I am not sure but the city may not even have the right to change it from parking as it was paid for by a private party and actually goes with the building. Not sure on that but it may be worth looking at. They had to pay for expanded parking because the foot print of their store was too big. Although the building is now split up, in the future this issue may come up with no way of addressing it if the skate park is built there. I am against building a skate park there, a copy of a letter I sent follows:

Why in the world would we put a skate park in a parking lot/thoroughfare when we have more parks than we can shake a stick at. Plus we currently have a skate park; why not expand it into the other tennis court that looks like crap. Stange's park would be perfect, low traffic, lots of room, parking, other activities etc. Bill this could still be rented out, in fact the skate park could be an attraction if a shelter was constructed nearby. Streeters Square would work too as it gets very little use right now. You do not need much parking, most boarders come by bike, not with mom. Why not move it closer to the river on the land set aside for the river trail expansion(east of the bridge). This would seem to be a better fit.

As a business owner I certainly do not want kids on bikes running around in the adjacent parking lot using the backs of our stores for ramps etc. There is too much of that going on already.

Also, why would we give up parking so close to the river trail. As activity increases in that area we certainly will need extra parking.

That area if not used everyday, also becomes valuable parking for downtown events, or larger vehicles and trailers on a short term basis.

Also, where are we going to go with the snow from the parking lots and adjacent areas, we will loose even more parking during the winter months.

Truck traffic also uses that area for turning around and exiting when delivering as there is currently little room to turn around as they cannot exit the area by the Cosmo. We get deliveries every day by truck, sometimes large semis. Loosing this area would make this area even more confining. With the new parking on Main St., they can no longer deliver in front.(Not a big fan of the new parking, but that is a subject for another day.)

Merrill business owners have lost their voice with local government over the years, this is an example of where maybe we should have been involved, as this is simply a bad idea.

Please take another look at this.

REPORT TO THE BOARD OF PUBLIC WORKS

Re: Public Works hearing to be held on Wednesday, January 25th, 2017 for sanitary sewer, water main, storm sewer, asphaltic paving, sidewalk and curb and gutter replacement.

The following general comments can be made in regard to the public hearing for sanitary sewer, water main, storm sewer, asphaltic paving, sidewalk and curb and gutter replacement to be reviewed on Wednesday, January 25th, 2017. The comments will be applicable to all of the individual projects that will be reviewed in detail.

1. A preliminary resolution will be submitted to the Common Council on December 13th, 2016, in regard to the proposed projects.
2. Projects being heard have either been petitioned for by private owners, the City Engineer, Street or Utility Superintendent or initiated by committees of the Common Council.
3. The 2017 assessment rates used in this public hearing are attached.
4. Each project has a separate hearing, along with an Engineer's report, indicating generally: standard notes, specific notes, cost estimates, special assessments, all are attached.
5. The Merrill Engineering Department has inspected the site to produce the preliminary design and has determined, unless otherwise noted that all abutting properties will benefit from the improvements.
6. This hearing is being recorded, therefore, please come to the microphone when speaking in regard to a particular project, giving your name and address.

7. Any person requesting a transcript of the hearing may obtain one at his or her expense.
8. All plans, estimated costs and assessments for the 2017 Projects are preliminary and subject to change. Adjustments will be based on the final design, final quantities and the unit cost on the assessed items in the bids received. The 2017 Projects consists of ;
 - A) Poplar Street – East Fifth Street north to East Sixth Street.
 - B) Chestnut Street – East Sixth Street north to East Eighth Street.
 - C) Edgewater Drive – Grand Avenue to Highland Drive.
 - D) Highland Drive, entire length.
 - E) Francis Drive – East Sixth Street north to East Eighth Street.
 - F) Hollywood Drive – East Eighth Street north to East Tenth Street.
 - G) East Tenth Street – Sales Street east to Memorial Drive.
9. All projects brought forth at this public hearing will receive a recommendation from this Board of Public Works to the Common Council for final action. The Common Council will act on recommendations at the February 14th, 2017, Council meeting or as otherwise indicated in the recommendations.
10. All projects receiving final approval from the Common Council will be scheduled for completion in 2017.
11. The estimated special assessments are projected at an estimated rate based on previous construction and knowledge of existing conditions. The estimates are subject to change depending on final conditions of the project involved. If a project is approved, the assessment rate will be based on the project final unit costs and final quantities. All assessments will include 10% for engineering, legal and record keeping.
12. It is intended that in all cases new copper water services will be replacing existing galvanized services. It is recommended that if a new water service is installed, a new sanitary sewer service should also be installed if a property owner has experienced any problems. Any existing lot owner wishing to hook to the municipal system must make known their intent so services may be extended to the property line.
13. Special assessments dated prior to October 1st will be due November 1st of the year installed. Special assessments dated after October 1st will be due November 1st of the following year. The payment date the assessment is due will be indicated on the invoice.
 - A. If special assessment is paid by November 1st of the year constructed or due date as indicated on the invoice, a 10% discount will be deducted.
 - B. If the special assessment exceeds \$500.00, a five-year payment plan may be initiated; If the special assessment exceeds \$1,250.00, a six-year payment plan

may be initiated; If the special assessment exceeds \$2,500.00, a seven-year payment plan may be initiated; If the special assessment exceeds \$5,000.00, a ten-year payment plan may be initiated; For assessments exceeding \$10,000.00, a fifteen year payment plan is available to the property owner. The first payment is due November 1st of the year construction took place and the invoice was billed. The special assessment interest rate for the 2017 projects is 5.00% on declining balance per year. Requests for payment plans must be requested from the City Clerk by October 20th, 2017 and must be signed and returned **with the first payment** to the City Clerk by November 1st, 2017.

14. The upgrade of driveway approaches as required will be discussed in the field with the property owners and be addressed on a case by case basis. On vacant lots or land there will be no driveway openings unless requested by property owners. The City of Merrill will not allow private work on driveways or lateral work on a project once the project has been bid.
15. Private sanitary sewer and storm sewer connections may be included in the project if requested by the property owner.

Respectfully submitted,

Roderick J. Akey, PE
Public Works Director/City Engineer
